EXAMINER'S COMMENT/REASONS FOR ALLOWANCE

1. Claims 1-11 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance: The closest prior art of record is Bush et al (U.S. 6,461,442). With regard to this reference Examiner has different reasons for allowance than those advanced by Applicants in their remarks of 05/31/2007. Bush fails to teach or suggest fairly the STEP of the process that embraces "flowing the solvent away from the drum through the channels in the guide section and the base section...". It is not the construction and/or position of the channels in Bush different from those claims that imparts patentability to the instant claims, but the presence of a positive step (action) of flowing away the solvent.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mikhail Kornakov whose telephone number is (571) 272-1303. The examiner can normally be reached on 9:00 - 5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Barr can be reached on (571) 272-1104. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
